**SPECIAL/PROTOCOL DANCES:** Please note that we will need to have your special dance requests (i.e. First Dance, Father/Daughter Dance, etc) **FOUR WEEKS** prior to your event so that we can confirm the band will be able to perform the song(s) and so that we have enough time to locate sheet music and an audio sample of the song. In cases where sheet music is not available or an arrangement for the full band is needed, this gives us time to properly prepare the music.

General song requests are not required, as many of our clients simply ask that the band read & react based on their guest's dance response. Our clients that do provide us with song requests do so in varying degrees. Most clients give us a handful of songs or artists they like and want played or avoided. If you wish to maintain the highest degree of control (allowing the band to only play within the margin of songs requested) we would ask for a minimum of 80 requests *from the band's songlist*.

'LOW ROTATION' REQUESTS: General requests chosen from the 'Low Rotation' section of this songlist (pages 7-12) must be submitted at least **FOUR WEEKS** prior to your event. The songs from the 'Low Rotation' section are not in the current 'IMPULSE' song rotation, so the band would need extra preparation time.

Please call us should you have any questions - West Coast Music
